### **Sunday 24th February**

After our successful first year, the Trust is now working on its plans for the 2013 season.

For Nelson's Tower, as well as its historical interest, we will be focussing on the attraction of the tower as a a unique viewpoint. The views over Forres and the landscape and seascape are much commented on by visitors and the volunteers will be endeavouring to enrich the experience by showing enhanced knowledge in this respect.

In the Tolbooth, much good work has been carried during the winter months with two rooms redecorated and let. Further rooms are now targeted for the same treatment and, to make the letting prospect even more attractive, new phones, Internet broadband AND a brand new kitchen have been fitted. The Trust members are now pulling together the summer events programme.
